ABOUT ME

I am Ryan Sutawijaya, a UI/UX Designer from Malang, Indonesia, passionate about creating impactful and user-friendly designs. I have worked on several projects, including a government initiative, which enhanced my ability to deliver practical and user-centered solutions.

EXPERIENCE

Risada Damai Sejahtera

UI/ UX Designer

Jakarta

April 2023 ~ Present

- Designed and iterated intuitive web and app interfaces based on user and stakeholder needs.
- Built high-fidelity prototypes and responsive layouts that improved usability and visual consistency.
- Partnered with developers to streamline design-to-code handoff and ensure implementation accuracy.
- Collected feedback through stakeholder reviews and usability tests, refining designs to enhance user satisfaction.

PROJECTS

1st Place in MSIB Batch 2 Project, AWS SEAL

UI/ UX Designer

Malang

February 2022 - July 2022

- Designed and developed a monitoring web app for DLH Kota Batu, helping track Brantas River conditions. The project won 1st place in AWS SEAL MSIB competition.
- Served as Scrum Master, UI/UX Designer, and Front-end Developer.
- Managed the development process and designed the user interface to ensure an effective and user-friendly application.

EDUCATION

Universitas Brawijaya

Bachelors Degree in Informatics

Malang

August 2018 - January 2023

SKILLS

Core Skill

- Deeply familiar with **Figma** as my go-to tool for daily UI/UX design work.
